MOBILE DATA COLLECTION

M260TE   Mobile terminal

Systematically developed based upon the requirements from the logistics and industrial sectors, the M260TE offers a robust and intelligent solution for mobile use. Even in tough industrial environments, the stable ABS housing offers sufficient protection against dust and water as well as increased durability.

Thanks to the simple structure, the M260TE is arranged in a clear manner and leads to a high level of acceptance amongst employees. The Windows Embedded Compact 7 (EC7)* operating system, the powerful NXP** processor and a long battery life provide increased performance compared to precursor models and ensure that work can be carried out faster, flawlessly and economically.

The quick-entry keyboard that can be adapted in a customer-specific manner, ten freely-configurable function keys, side scanner keys, diverse accessories such as a pistol grip as well as the large touch screen provide you with plenty of options to create your individual solution.

Stock and route optimisation as well as flexibility in terms of service and constant controlling provide an effective working process and high quality in order processing.

M260TE
- Robust housing with integrated rubber protection
- 10 freely configurable function keys
- Quick-entry keyboard with alphanumerics function
- Premium TFT display with LED backlight and resistive touch screen
- Windows Embedded Compact 7 (EC7)*
- NXP** processor i.MX6 Dual Lite, 1 GHz (DualCore, Cortex A9)
- WLAN incl. BT-compatible close-range network (as option)

MOBILE DATA COLLECTION

M260TE — Mobile terminal

Housing:	ABS
Protection class:	IP54
Operating temperature:	0 °C to 40 °C
Storage temperature:	-20 °C to 70 °C
Device dimensions:	219 x 62/83 x 39/41 mm (L x W x H)
Weight:	Ca. 480 g
Power supply:	7.4 V/Li-Po quick-change battery, Docking station or battery charger
Display:	3.5" color TFT display with LED backlight, 240 x 320 pixels, 640 cd/m², Status LED
Touch screen:	Resistive, minimum surface hardness of 3H
Keyboard:	Quick-entry keyboard with alphanumerics function, 15 mm space between keys, 15 keys in hard case design, 10 function keys
Barcode scanner:	1D scanner integrated in housing (side scanner keys)
Processor:	NXP** processor i.MX6 Dual Lite, 1 GHz (DualCore, Cortex A9)
Memory:	4 GB flash, 1 GB RAM, larger memory optionally available
Operating system:	Windows Embedded Compact 7 (EC7)*
Interfaces:	USB OTG, microSD card
Optional:	2D scanner, 1D longrange scanner with grip, WLAN according to IEEE 802.11a/b/g/n incl. BT-compatible close-range network, WLAN Security[1]: WEP, WPA, IEEE802.11i (Personal and Enterprise), WPA2, WPA2-PSK, 802.1x: PEAP-MSCHAPv2, PEAP-GTC, PEAP-TLS, EAP-TLS, EAP-TTLS, EAP-FAST, LEAP, Illuminated silicone keyboard
On request	2D long-range scanner with grip, 5 MP Auto-focus camera with lighting, UMTS, GPS, Ivanti/Wavelink Products ***
Accessories:	DS260 docking station, Battery charger, Vehicle holder, Pistol grip, Carry case, Belt or shoulder bag
